

NEW STORY COMMUNITY

Join the New Story Community

New Story provides a safe and nurturing space for a small community of Indigenous women to begin or to continue their healing journey. Each woman will explore the truth of her identity both as an Indigenous woman and as a follower of Jesus. Each will be given opportunity to learn and to grow spiritually, educationally, socially, and vocationally. Each will have opportunity to learn many life & employment skills as well as to set and accomplish personal goals – and all this in a beautiful location surrounded by a supportive community.

New Story comes under Barnabas Family Ministries Charitable Tax structure, and their fiscal stewardship.

We are able to issue tax receipts at the end of the calendar year.
